Aqua Kids awarded "Marine Awareness For Children"

Chicago, Illinois - Showplace, a leading syndicator of E/I and entertainment programming, is proud to announce that [Aqua Kids](#) has been bestowed with the first special "Marine Awareness For Children" award by the world's first Global TV Channel "Marine BizTV". Ceremonies will be held on May 7th at the Hotel Crowne Plaza in Dubai.

The [Maritime Awards](#) presented by [Marine BizTV](#) rewards excellence in different categories of Marine Videography and Production. They select from a long list of nomination and apply a stringent yardstick to home in on the very best.

Marine BizTV is an international global TV channel whose sole purpose is providing marine and maritime communities with information and entertainment relating to the marine world. It is dedicated to furthering knowledge about marine activities.

Headquartered at the maritime hub of the world, Dubai, the channel will provide the viewers an insight of the complete happenings in the Maritime world using new media technologies.

Aqua Kids has compelling content that works across cultures and aims to grow awareness and participation in all water activities for kids across America. The "Aqua Kids" travel the planet visiting a variety of water environments from water management facilities to fresh water and brackish streams to the oceans of the world with the intent of motivating other kids to become active citizens on the issue of pollution of water environments.

Currently Aqua Kids is airing in over 65% of the United States and is also aired on a number of international channels.
